## About RIBCO

In 1994 Ribco was born by Stelios Ladopoulos and Nikas Valerianos. Their passion for perfection and their love for the sea was part of the inspiration. Their dream was to produce the best RIB boats in the market. Excellent quality in every aspect, great sea keeping characteristics combined with bulletproof construction. Numbers prove that they were right.

Since then, more than 750 Ribs have been produced by Ribco, distributed in Greece but also in USA, Middle East, Australia, Monaco, Turkey, England, France, Spain, Italy, Croatia, Montenegro and other European and Eastern countries.
