

Venom 40 SC

Ribco

VENOM 40 SC

Venom 40 SC is the newest development in the 12m segment. The design is unique yet recognizable as a RIBCO. The addition of a cabin worked positively, creating a unique sleek design. It combines the space of an open model of this size with the added comfort of a big cabin for 2 and a full-size toilet with shower, along with very well designed natural and ambient lighting. On the stern, a U-Shape couch with a back-to-back couch makes a cozy place for more than 7 people. On the console station, 5 people can travel seated safely with full protection from wind and spray. At the bow area, a big sunbathing couch facing forward is combined with the classic bow sunbed, creating a huge area for those who love the sun and tanning. The newly developed hull with the addition of two steps combines speed and efficiency with top-of-the-class sea-keeping ability and comfort. With 2 x 400 Mercury V10 engines the boat reaches speeds of up to 58 knots, but for those who like the adrenaline rush the boat can be equipped also with 2 x 500 Mercury Racing for speeds that will exceed 65 knots.

About RIBCO

In 1994 Ribco was born by Stelios Ladopoulos and Nikas Valerianos. Their passion for perfection and their love for the sea was part of the inspiration. Their dream was to produce the best RIB boats in the market. Excellent quality in every aspect, great sea keeping characteristics combined with bulletproof construction. Numbers prove that they were right. Since then, more than 750 Ribs have been produced by Ribco, distributed in Greece but also in USA, Middle East, Australia, Monaco, Turkey, England, France, Spain, Italy, Croatia, Montenegro and other European and Eastern countries.
