VENOM 45 SC

CRAFTED BY PASSION. PERFECTED BY EXPERIENCE.

ABOUT RIBCO

Founded in 1994 by Stelios Ladopoulos and Nikiforos Valerianos, Ribco was built on a shared passion for the sea and a relentless pursuit of perfection. Their vision: to create the world's finest RIBs, defined by uncompromising quality, exceptional seaworthiness, and truly robust construction. Over the years, this vision has evolved into a legacy. More than 800 boats have been crafted, each carrying the distinctive Ribco DNA — performance, reliability, and timeless design.

Today, Ribco vessels navigate waters worldwide — from Greece to the USA, Australia, Monaco, and beyond — representing a brand synonymous with trust, excellence, and enduring value.

VENOM 45 SC

SETTING A NEW BENCHMARK FOR PERFORMANCE,
COMFORT, AND DESIGN

The latest flagship in Venom range, setting a new benchmark for performance, comfort, and design. Available with either triple outboard engines or twin sterndrive propulsion, the Venom 45 SC offers the flexibility to suit different cruising preferences without compromising its exceptional character.

At the heart of the Venom 45 SC lies a new hull featuring a sophisticated triple-step design by renowned naval architect Lorne Campbell. Engineered for maximum efficiency, stability, and control, the hull delivers exceptional offshore performance and outstanding seaworthiness, ensuring a smooth, dry, and confident ride even in demanding sea conditions.

The new model perfectly balances dynamic performance with luxury and practicality. Its expansive deck layout offers generous lounging and social areas, creating an ideal environment for entertaining, relaxing, and enjoying life at sea in absolute comfort.

Below deck, the spacious cabin has been designed to provide refined accommodation with a strong focus on comfort and functionality. Elegant finishes, generous volumes, and a carefully considered layout—including a fully enclosed WC—make the Venom 45 SC equally suited for day cruising or extended escapes on the water.

With its aggressive lines, contemporary styling, and uncompromising attention to detail, the Venom 45 SC represents the ultimate expression of the RIBCO philosophy—combining high performance, luxury, and true offshore capability in one extraordinary vessel.

VENOM 45 SC

OUTBOARD VERSION

1500 HP maximum installable power

73 kn maximum speed

VENOM 45 SC

ENGINEERED WITHOUT COMPROMISE

Precision craftsmanship meets advanced composite technology. Infusion construction is applied where it delivers maximum structural integrity, while the carbon-fiber T-Top reduces weight and enhances performance. Every element is designed to meet the highest standards of quality and durability.

STERNDRIIVE VERSION

880 HP maximum installable power

50 KNOTS maximum speed
